Children Cry

FOR FLETCHER'S CASTORIA

BRITISH CENSORS ARE HOLDING UP ARABIC FACTS

Washington Waiting Anxiously For Report From Officials

FEEL THAT TRUTH IS WITHHELD

Anti German Sentiment at Capital Would Have President Break Relations with Germany

Washington, Aug. 20.—Tension increased in official quarters here tonight when consular messages forwarding affidavits of American survivors of the British liner Arabic brought definite information that the vessel was torpedoed without warning and that at least some Americans had been lost.

It seemed that but one point remained to be cleared up—whether the Arabic attempted to ram the submarine or whether a change of the liner's course to assist the already sinking British steamer Dunsley nearby was misinterpreted by the German submarine commander as a hostile approach.

The attitude of the American government for the moment is receptive, anxiously awaiting accurate details and reserving judgment as to whether the action was "deliberately unfriendly."

The president motored to Philadelphia today to see an oculist. He had consulted Secretary Lansing before leaving and conferred with him again after his return here tonight.

No statement was forthcoming as details from abroad were lacking, but everywhere in official quarters the grave aspects of the case were discussed.

The censorship in Great Britain of press dispatches on the disaster created the impression that perhaps facts were being withheld which might affect the case vitally. Official messages, however, are not subject to censorship and confidence prevailed that within another 24 hours the circumstances of the torpedoing would be definitely learned.

The British censor apparently silenced today the wires leading to the White Star line at New York from England. Only one dispatch relating to the sinking of the Arabic—a message detailing certain chances in previous lists of survivors and missing—escaped his blue pencil.

London, Aug. 20.—At least five passengers, two of whom were Americans, and forty members of the crew lost their lives when the White Star liner Arabic was torpedoed and sunk by a German submarine off Fastnet yesterday morning. Nine other passengers, missing, are believed to have perished.

The two Americans who went down with the ship were Mrs. Josephine Bruguiere of New York and Dr. Edmund T. Woods of Jamestown, Wis. The former was thrown into the water and was kept afloat for some time by her son Louis, who was forced to relinquish his hold when he was struck by a piece of wreckage. Nothing was seen of Woods after the ship was blown up.

Most of the missing members of the crew belonged to the engineer's staff. They went down with the ship.

Captain Finch and the other officers of the Arabic assert the submarine gave no warning. They declare the torpedo was fired as they were going to the rescue of the steamship Dunsley, which had just been torpedoed, presumably by the same submarine.

That the loss of life was not much heavier was due to the preparations made by the officers in view of the possibility of an attack while passing through the "war zone," to the fine weather which prevailed, and to the splendid discipline maintained by the crew. Life belts had been placed on the decks and the lifeboats were swung out. As soon as the ship was struck rafts were flung over the side.

The Americans who reached Queenstown were cared for by the United States consul. With the other passengers they left Ireland for England tonight. They lost all their baggage and many of them borrowed clothing until the consul had provided for them.

The Arabic carried 181 bags of mail, mostly for the United States. The mail included bags from Sweden, Norway, Denmark, Switzerland, Spain and other countries.

Louis Bruguiere today said his mother disappeared after being in the

water for about twenty minutes. Mr. Bruguiere said he and his mother were the last to leave the promenade deck. They reached this deck after the last boat had left the ship. This boat was too far away to be reached by his mother.

When they were swept into the water, Mr. Bruguiere said, he swam for twenty minutes with his mother. Then his head was struck with a piece of wreckage and he was forced momentarily to release his hold on his mother.

When he came again to the surface Mrs. Bruguiere had disappeared. Half an hour later the sun was dragged aboard one of the ship's small boats. In this boat he found his two bull dogs which he had thrown overboard.

London, Aug. 20.—The Germans have regained part of the trenches lost by them between Angres and Souchez on Wednesday, but have been unable to drive the French from the first-line trenches on Schatzman mole, in the Vosges, which the latter captured on the 18th. There was artillery fighting today at many points on the front, and the Argonne was the scene of mine attacks and the hurling of bombs and torpedoes from trench to trench.

CARDINAL VANUTELLI DEAD

Was Dean of the Sacred College at the Vatican

Rome, Aug. 19.—Cardinal Serafino Vanutelli, dean of the Sacred College, is dead at the age of 81.

Cardinal Vanutelli was one of the most influential of those members of the Sacred College eligible to the papacy. He was one of the six cardinal bishops, who take their titles from the suburban sees of Rome. He was bishop of Porto, Santa Rufina and Ostia. He was created and proclaimed cardinal by Pope Leo XIII, March 14, 1887.

The cardinal was born November 26, 1834, at Genazzano in the diocese of Palestrina. His early education was obtained in the seminary of Genazzano, and he received degrees in philosophy and theology in the Capranica college at Rome.

After teaching theology in the pontifical seminary he embarked upon a diplomatic career and was successively secretary to the papal nuncio in Bavaria, apostolic delegate to Ecuador and Peru, and nuncio at Brussels and Vienna.

Security and service

tell the whole story of an ideal annual transaction. As to security, read our annual statement. As to service, ask our annuitants. National Life Ins. Co., of Vt. (Mutual). Earle S. Kinsley, General Agent, Mead Building, Rutland, Vt. Adv.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear, which is often discharging a thick, yellow, sticky discharge. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

BULGARIA SAID TO HAVE ACCEPTED BID OF ALLIES

Rome Claims That They Have Bought Her Help

GREECE STILL HOLDING OUT

Bulgaria's Price Reported to Be Part of Macedonia and a Generous Slice of Turkey.

Rome, Aug. 19. (via Paris, Aug. 20.)—The Entente powers, according to a positive statement made by the Sofia correspondent of the Giornale d'Italia, have offered to Bulgaria that part of Macedonia given to her by the Serbo-Bulgarian treaty of 1912, with the right of immediate occupation. The controversy over the part of Macedonia contested by Serbia and the cause of the second Balkan war will be settled after the present war ends.

Proportionate compensation is to be given to Serbia, including the city of Kavalah, with the districts of Kavala and Seres, with the right of immediate occupation.

Bulgaria on her side renounces forever pretensions to Saloniki, Vodina and Uskub. She promises also to declare war immediately upon Turkey aided by funds of the four Allies. But Serbia, the correspondent declares, will receive further territorial concessions in Turkey.

It is believed that Serbia and Greece will give way under pressure by the Entente powers, but negotiations will be lengthened by the reluctance of the King of Greece to consent to any cession of territory.

ST. LOUIS FLOODED

Trains Halted and Residents of Suburbs Rescued from Roofs.

St. Louis, Aug. 20.—The southwestern part of St. Louis was under water today as a result of a continuous downpour of rain. The storm was accompanied by high winds. Residents in the southwest part of town were going about in boats today.

As the morning advanced the down pour increased. Railroad service on the Missouri Pacific and on St. Louis and San Francisco tracks which run through the southwest part of the city was discontinued, as the rails were under water. Two incoming trains were halted several miles from union station.

One train stopped at Delmar station, near the city limits, but the water around the station was so high firemen and street employees had to assist the marooned passengers. Ropes were tied about the rescuers to pull them through the current as they waded in.

Many houses in the suburbs of Greenwood and Maplewood, immediately adjoining the city on the southwest, were completely surrounded by water, with only roofs and chimneys visible. From a distance, rescuers in skiffs could be seen taking the people from second story and attic windows.

By the middle of the afternoon every automobile road and street car line leading from St. Louis to the surrounding suburban towns had been closed because of high water. Firemen were rescuing inhabitants of several suburbs from second story windows in boats.

CHOOSES VERMONT STONE

Woodbury Granite Company Gets \$50,000 Order

Bethel, Aug. 19.—The Woodbury Granite company of Bethel has been awarded the contract for the granite work for the new residence of Theodore N. Vail to be erected at Morris-town, N. J.

When completed the grounds and residence will represent an investment of close to \$500,000. The granite contract calls for Bethel white granite similar to that now being furnished for Mr. Vail's Western Union building in New York city, and will keep Bethel stone sheds busy for some weeks.

The granite will cost in excess of \$50,000. The award of this work is another evidence of Mr. Vail's real interest in Vermont products. With the whole country to pick from, he has chosen Vermont stone.

The Likeness.

"Fatty Mack eats like a bird."

"Like a bird? Why, he shovels in his food like an elephant."

"Just what I said—takes a peek at every mouthful."—Baltimore American.

BERLIN NOTIFIED U. S. SHE WOULD BUY ARMS

In This Country To Try To Keep Them From Her Enemies

HAD FULL RIGHT TO DO SO

German Agents Had Same Privileges as Agents of the Allies to Purchase Munitions of War

Washington, Aug. 20.—It was said authoritatively at the State Department today that Secretary Lansing had no objection to the publication of the full text of a communication filed at the State Department by the German Embassy on June 13, in which the German Government gave notice that it might consider it advisable during the course of the European war to purchase arms and ammunition in the United States for the express purpose of preventing them from going to Germany's enemies.

The statement was made at the Department today that while Secretary Lansing was willing that this document should be printed in the newspapers, he preferred that the German Embassy, and not the State Department, should furnish it to the press.

The statement to this effect, made at the State Department, was based on the fact that in the answer of Dr. H. P. Albert, Imperial German Privy Councillor to newspaper charges that he was the head of the pro-German propaganda in this country, which was printed in newspapers this morning, Dr. Albert quoted a portion of the German Embassy's document of June 13. This document had never been mentioned by either the State Department or the German Embassy.

ITALIANS ANSWER LAST CALL

Thousands Prepare to Go to War—Must Report Before Night.

New York, Aug. 19.—Thousands of Italian reservists are getting in "under the wire" today throughout the United States and Canada. It is the last call, the last day on which the reservist vows can be lived up to. By decree of the Italian government, all Italian reservists who fail to register with the consuls before night fall will have incurred the crime of desertion.

While no authentic figures are given out as to the numbers who have registered, it is believed that a great percentage of the reservists in this country have responded. The Italian laborers in eastern cities have responded almost to a man. The younger men have already been sent forward and the married and older reservists have been allowed time to adjust the affairs.

Allowance will be made to wives and children of Italian reservists who go to the front. Whether this will enable the families to live comfortably without becoming public charges is just now interesting the immigration officials and the charity bureaus of the country.

RUN OVER BY AUTOMOBILE

Eight-Year-Old Rutland Boy May Be Fatally Hurt.

Rutland, Aug. 21.—Robert Westcott, an eight year old boy who lives with his parents and three brothers and sisters at No. 138 Strong's avenue was probably fatally injured last night just after 6 o'clock when he dodged from behind a wagon in front of an automobile owned and driven by W. H. White of Belmont. The forward wheels of the car passed over the child's body. He was taken to the Rutland hospital but his condition at midnight was very unsatisfactory. He had been having hemorrhages from the mouth and the attending physicians feared a lung had been punctured by fractured ribs.

Young Westcott and several other boys and girls were playing in front of their homes on Strong's avenue. Those who witnessed the accident do not blame the driver of the car, who, it is claimed, was driving at a moderate rate of speed.

As near as can be ascertained from those who saw the accident the boy was following a wagon which was travelling north. Mr. White and party, in a five passenger Ford, were going towards home and the sudden appearance of the boy from the rear of the other vehicle was unexpected. Mr. White partially stopped his car and the front wheels only went over the child's body.

127,000 RUSSIANS ARE CAPTURED IN ONE WEEK

Have Also Lost Over 1200 Cannon in Seven Days

IS GREATEST RUSSIAN DISASTER

Victorious German Armies are Now Pressing Forward to Take Brest-Litovsk and Riga

Berlin, Aug. 21.—During the past week the German and Austrian armies have taken 127,000 Russian prisoners and over 1200 cannon. Most of the Russian army has been well supplied with modern artillery.

At Novogeorgievsk the number of cannon taken was 700 while the total of other supplies is immense but not yet listed.

The German army which has been investing Novogeorgievsk is now going forward against Brest-Litovsk. Other armies have cleared the whole of the left bank of the Bug before Brest-Litovsk, while Field Marshal von Mackensen having crossed the Bug is advancing upon the fortress from the south. This means that the obstacle of the marshes has been circumvented and that Brest-Litovsk, the chief military depot and concentration center of Russia, is virtually enveloped.

Although military observers are of the opinion that the Grand Duke probably again will be able to withdraw his army in safety, the loss of these lines is considered a greater military misfortune than the loss of Warsaw.

Paris, Aug. 21.—It is reported here that Bulgaria has mobilized an army of 150,000 men on the Turkish frontier.

GERMANS EXPECT RIGA

German Warships Have Penetrated the Gulf.

Petrograd, Aug. 20. (via London, Aug. 21.)—A German fleet has penetrated the Gulf of Riga and is engaged with Russian warships in defending the coast, according to an official statement issued tonight at the Russian War Office.

An official bulletin issued by the Petrograd War Office on Thursday night announced that the Russian ships defending the entrance to the Gulf of Riga had drawn closer in owing to the great superiority of an attacking German fleet.

HAVE 2,000,000 PRISONERS.

Teuton's Captives Said to Include 1,654,000 Russians.

Berlin, Aug. 20. (by Wireless to Sayville, N. Y.)—The Overseas News Agency says:

"The Frankfurter Zeitung estimated that the Germans and Austrians are now holding more than 2,000,000 prisoners of war, of whom 1,654,000 are Russians."

WEATHER FORECAST

For eastern New York and western Vermont, rain tonight and Sunday.

NOT AN ISOLATED CASE

Many Similar Cases in Bennington and Vicinity.

This Bennington man's story given here is not an isolated case by any means; week after week, year after year, our neighbors are telling similar good news.

James P. Toomey, South & Elm Sts., Bennington, says: "I have never had any very serious case of kidney trouble, but for some time I was bothered by dull pains across my back. My work aggravated the trouble. I had seen Doan's Kidney Pills so highly recommended by Bennington citizens that I sent to Cole's Drug Store and got a box. They helped me from the start and soon drove the pains from my back and made me feel better and stronger."

AFTER A LAPSE OF FIVE YEARS. Mr. Toomey said: "It is a pleasure for me to once again endorse Doan's Kidney Pills. They did me so much good that kidney trouble and I are strangers."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Toomey has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

BARBER LEADING MORSE AT END OF 1ST 18 HOLES

Ekwanok Player Was Six Up and Going Very Strong

MORSE IS NOT UP TO FORM

O. E. Thompson of Brattleboro Winner in Second Sixteen and L. R. Hutchinson of Barre in Third 16

The finals for the state championship in the Vermont golf tournament which opened on the Mount Anthony course this morning developed by far the best play of the three days. The contestants for the title were George E. Morse of the Rutland Country club and W. A. Barber, Jr., a Princeton sophomore, attached to the Ekwanok club of Manchester. At the end of the first round of 9 holes, Barber had his opponent three up and doubled his lead on the second round. Barber played each round in 38. Morse made the 18 holes in 81, considerably better than his qualifying round of 83.

In the second sixteen O. E. Thompson of Brattleboro beat J. G. Estey of Brattleboro 1 up in 19 holes.

In the third sixteen L. R. Hutchinson of Barre beat Richard Kellogg of Mt.
